PO Box 1630  
Duvall, WA 98019  
Tel: 425-844-6412  
Fax: 425-844-9464

## Actuators & Controls Your One Source Solution

• Factory Authorized •

www.specialtycontrolsinc.com

### Flexible Automation Solutions:

- Automated Valves
- Up-Grade Existing Valves with Actuators
- Actuators & Controls for your Supplied Valves

### Technical Assistance:

- Troubleshooting
- Start-Up Assistance
- Operation & Maintenance Training

### Local Technical Support

- Just a phone call away
- bobh@specialtycontrolsinc.com

### Electric Actuators & Controls

#### Motor Operators:

- ~ Multi-Turn, Torque Ranges: 7 to 56,600 ft lb
- ~ Quarter-Turn, Torque Range: 37 to 41,000 ft lb
- ~ Linear Actuators, Thrust Range: 1,350 to 28,800 lb
- ~ Electro-Mechanical (Conventional) or
- ~ Programmable Electronic (Non-Intrusive) Motor Controls.
- ~ Voltages: 3-Phase with Optional Single Phase or DC

#### Electric Actuators:

Smaller Quarter Turn Electric Actuators:

- ~ On/Off, Jog or Proportional Control
- ~ Quarter-Turn & Spring Return Actuators
- ~ Voltages: Single Phase & DC

### Pneumatic Actuators & Controls

#### Air Operated Valves:

Pneumatic Rack & Pinion Actuators for quarter-turn applications, with optional designs for 120° and 180° Rotation

#### Pilot Valves & Accessories:

Solenoid / Pilot Valves, Three-Way & Four-Way, Bronze or Stainless Steel Available in both AC or DC Voltages. Speed Controls & Quick Exhaust Valves

#### Monitoring & Controlling Process Valves:

Position Switches, Positioners, Position Transmitters and Visual Position Indicators

### Pressure Relief Devices & Emergency Shutdown Valves

Non-Reclosing Pressure Relief Valves & Shut-Down Valves utilizing their patented Buckling Pin Technology  
ASME Section VIII Div 1 UG127 & UG129
